### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claims 1-20 is the inclusion of a method of cleaning, a cleaning member or cleaning means for cleaning an electrode or charging means of an image forming apparatus. The cleaning member has an inner region having a first amount of a polishing agent and an outer region having a second amount of the polishing agent; and the first amount is less than the second amount. This is found in all of claims 1-20, but not disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hattori discloses art in cleaning members for a charging roller.
